Verse:

When I first met you,
I really didnt think that much,
What it would be between us two,
I wasnt tryna fall in love, but,
somehow you knew that,
I had been hurt before,
so you did all the right things,
you made me believe,
that you were the perfect one,
Then you switched it up

Bridge:

Started acting crazy,
said you was,
not ready for a committed love,
because it was too soon,
I wish that you had,
told me that before I fell,
cos I cant handle it that well,
I'm already loving you...

Chorus:

So tell me what you want,
cause my love's not enough,
the more I give,
the more it seems,
that Im not good enough,
Tell me what you need,
to make you love me,
because Ive given everything,
and you wont give nothing,
so tell me what you want...

Verse:

Oh oh oh ooh yeah...
You say you love me
and you aint seeing no one else,
if this is what true love is like,
I'd hate to see if you didnt care, why,
you brought me here,

coulda left me there,
you made me open up my heart you're not playing fair,
just like the others made me your lover,
and when I gave it up you switched it up

Bridge: (repeat)

Chorus:

So tell me what you want,
cause my loves not enough,
the more i give the more it seems,
that Im not good enough,
Tell me what you need,
to make you love me,
Because Ive given everything,
and you wont give nothing, so tell me what you want

Vamp:

And then you,
switched it up,
you said you was,
said you wasnt ready, Uh,
cause it was too soon,
you shoulda told me that,
before I fell,
cause I cant handle it.
So tell me what you want...Tell me, tell me, tell me what
you need
