When I first met you, I really didn't think that much
Would ever be between us two
I wasn't trying to fall in love, but
Somehow you knew that I had been hurt before
So you did all the right things, you made me believe
That you were the perfect one

Then you switched it up
Started acting crazy
You said you was
Not ready for a committed love
Because it was too soon
I wish that you had told me that before I fell
Cause I can't handle it that well
I'm already loving you

So tell me what you want
Is my love not enough?
The more I give, the more it seems like I'm not good
enough
So tell me what you need
To make you love me
Because I'm giving everything, and you won't give
nothing
So tell me what you want

You say you love me, and you ain't seeing no-one else
If this is what your love is like, I'd hate to see if you
didn't care
Why you brought me here, you coulda left me there

You made me open up my heart, we're not playing fair
But just like the others, made me your lover
And when I gave it up

You switched it up
Started acting crazy
You said you was
Not ready for a committed love
Because it was too soon
I wish that you had told me that before I fell
Cause I can't handle it that well

Im already loving you

So tell me what you want

Is my love not enough?

The more I give, the more it seems like i'm not good
enough

So tell me what you need

To make you love me

Because im giving everything, and you wont give
nothing

So tell me what you want

And then you switched it up

You said you was

Said you wasnt ready

Mm, cause it was too soon

You should have told me that

Before I fell

Cause I cant handle it

So tell me what you want

Tell me, tell me

Tell me what you need
