You don't hear me even though you
say your really feeling me baby, umm
but in my mind I can't stop thinking that you
don't know you got a hand up in the sky.
and every day that goes by when i'm with you
every minute I spend with you oh how bad it hurts
just to think it would work I confess i'm into you
do what you want me too boy you don't know just
how bad i'm wanting you.

CHORUS:

You Don't Even Know How I'm Feeling You
(you don't even know)
That I Want You, Want To Be With You Baby
You Don't Even Know How I'm Feeling You
(you don't even know)
That I Need You, Got To Have You

Now i'm secretly feeling you I want you to know
baby that I want to be your lady yeah not talking just
anything wanna be your everything come on now
baby boy wanna bring you so much joy. every day
that goes by when i'm with you every minute I spend
with you oh how bad it hurts just to think it would work
I confess i'm in to you do what you want me to but you
don't know just how bad i'm wanting you .
