(feat. Jeff Brown)

I've seen homecoming queens with prom night dreams
Just to live a life
Tryin to find a ride
On a wave crashing into a social scene
And you know all along that a boy was there
To catch you when you fell but you never really cared.

CHORUS: Strum the strings on my guitar as I wash my
troubles away. My conscience tells me not to play
But I still pick day to day
And to the outside world I'm a rusty nail
Just lyin here Fading Away
And to the outside world I'm a rusty nail
Just lying here Fading Away

Well maybe time does change
And if it does, it's made it's mark of pain
In my world where destiny's unnamed
And now I see that you're on top of the world
But you forgot that boy who would always be there for
that girl.

CHORUS 2: Strum the strings on my guitar as I wash my
troubles away. My conscience tells me not to play
But I still pick day to day
And to the outside world I'm a rusty nail
Just lyin here Fading Away
And in your heart girl I'm a rusty nail
Just lying here Fading Away

(Guitar Solo)
(Repeat CHORUS 2)
