Can't walk, can't think
Eyes too weak to blink
Situation stinks (and its all because of you)
What am I to do
Can't stomach no food
I don't know what to do (and its all because of you)
Don't know whats wrong with me
How's this happening
Baby, can't you see
Feel like I'm 'bout to die
I don't even know why
I don't even know why

Got this feeling beating through my heart
And it won't go away, girl
Cause this pain beating through my chest
I could collapse at any minute
Doctor, won't cha
Please perscribe me something
Strong enough to take this pain away
Its because of you I'm feeling this way
You give me symptoms of a Heart Attack, girl

Baby, you're giving me, giving me a heart attack
Baby, you're giving me, giving me a heart attack

Girl, I'm suffering and I'm struggling
Can't stop coughing (coughing)
(and its all because of you)

I can barely stand
My body's on high demand
For your medicine (and its all because of you)
Oh I hear myself
But I need your help
You and no one else (baby, tell me what to do)
I'm in so much pain
Can't use my brain
Got me going insane

Got this feeling beating through my heart
And it won't go away, girl

Cause this pain beating through my chest
I could collapse at any minute
Doctor, won't cha
Please perscribe me something (something)
Strong enough to take this pain away
Its because of you I'm feeling this way
You give me symptoms of a Heart Attack, girl

Baby, you're giving me, (hey) giving me a heart attack
Baby, you're giving me, (hey) giving me a heart attack

[repeat chorus]

Ho!

Heart Attack
Baby, you're giving me, giving me a heart attack
