You know it's all about me
You know it's all about me
You know it's all about me
You know it's all about me

Don't hate me 'cause I got it going on
It's just me, I'm hot never cold
I can rock it anyway that I choose
I'm so good, oh yeah, I make up all the rules

I can't help it if I set all the trends
Everybody wants to be my best friend
It's infectious, come on don't you be jealous
Just join in this love fest, you know that

It's all about me
It's all about me, oh yeah
Me, myself and I
It's all about me

It's all about me
(You know it's all about me)
It's all about me, me, me, me, me
(You know it's all about me)
And everybody knows [Incomprehensible]
(You know it's all about me)
It's all about me
(You know it's all about me)

Muh, muh, muh, MySpace, I have 10 million friends
Tuh, tuh, tuh, text me, BFF till the end
Puh, puh, puh, page me on your cell and press send
Diva what, diva who, diva where? That's me

Duh, duh, duh, download all my crazy new hooks
Uh, uh, uh upload all my video looks
So buy my ringtone, fashion line and cook books
Diva what, diva who, diva where?

It's all about me
It's all about me, oh yeah
Me, myself and I

It's all about me

It's all about me
(You know it's all about me)
It's all about me, me, me, me, me
(You know it's all about me)
And everybody knows [Incomprehensible]
(You know it's all about me)
It's all about me
(You know it's all about me)

Don't blame her, I'm so beautiful
Not her fault, I'm platinum and gold
She's the queen and my reign is supreme
So follow the leader, you're all on my team

I can't help it if I set all the trends
Everybody wants to be my best friend
It's contagious and it's so outrageous
Grandparents, grown-ups and kids of all ages

You know Madonna ain't got nothing on me
Buh, buh, Beyonce ain't got nothing on me
Cuh, cuh, Christina ain't got nothing on me
Diva what, diva who, diva where? That's me

You know Mariah ain't got nothing on me
Fuh, fuh, fuh, Fergie ain't got nothing on me
Guh, Gwen Stefani ain't got nothing on me
Diva what, diva who, diva where? That's me

You know it's all about me, I'm a specialty
You know it's all about me, I'm a anomaly
You know it's all about me, who else could it be

Upload, download, text me, page me
MySpace you should not erase me
Fergie, J-Lo, Gwen Stefani
You know they got nothing on me
Indoor, outdoor, I'm so clever
That's why I rule you forever, yeah
