[Verse 1]

I swear I never knew, that I would need you
If you're the stars I'm the sky, we share the moon
There's never a day we let go away, without saying I
love you
I wait for the bell to ring just to see your face again
Who would have thought I'd meet love on campus
But I wont complain (uh uh) what we have is deep (uh
huh)
And that's how it should be baby

[Chorus]

This one is for you
No other would do
My love is for you
Oh it's true, oh it's true
I want the world to know
You're my high school sweetheart

[Verse 2]

I swear I never knew, that I would need you
You're like the air that I breathe, I live for you
There's never a day we let go away, without saying I
love you
I wait for the bell to ring just to see your face again
I never thought I would find someone so true
But I wont complain (uh uh) what we have is deep (uh
huh)
And that's how it should be babe

[Chorus]

This one is for you
No other would do
My love is for you
Oh it's true, oh it's true
I want the world to know
You're my high school sweetheart

[Bridge]

Let's take the next step, you can be my major
Boy you know I wanna love you, forever

Let's go, let's go, let's go
Never felt a love like this before

[Chorus]
This one is for you
No other would do
My love is for you
Oh it's true, oh it's true
I want the world to know
You're my high school sweetheart
