V1:

Wanderin without a vision  
You made it your mission  
To rescue my heart  
This blindfold  
Girl I didn't notice  
You put it in focus  
Right from the start  
But now we're going different ways  
Control this road on your own  
I got my direction from you  
Girl you're my star  
And now there's nothin I can say  
To convince you not to leave me alone  
How am I supposed to find my way in dark?

CHORUS:

I'm stuck in the middle of nowhere  
Searching for a way to get home  
Wish I could call  
But we don't even talk anymore  
Feels like I'm stranded all on my own  
I am stranded stranded  
Stranded stranded  
Stranded stranded  
Stranded stranded  
(Feels like I'm stranded all on my own)

V2:

Girl just tell me  
Why are you changing?  
Going insane  
Should've rang the alarm

It's like you faded away  
And I'm begging you stay  
Before I'm holdin a stranger  
Here in my arms  
But now we're going different ways  
Control this road on your own  
I got my direction from you  
Girl you're my star

And now there's nothin I can say  
To convince you not to leave me alone  
How am I supposed to find my way in the dark?

[REPEAT CHORUS]

Oh ooh ooh ooh (ooh)  
Ooh ooh ooh ooh (ooh)

BRIDGE:

Now that you're gone  
I've gotta learn  
Make my way  
I'm movin on  
I'm leavin without you

[REPEAT CHORUS]

Wanderin without a vision  
Made it your mission  
To rescue my heart
