[Verse 1:]

I'm reaching, I'm reaching for the love I lost tonight
And I don't know why
You're right here, you're right here but you seem so out
of sight
It's messing with my mind
You used to freak with me
You once believed in me
But now I'm incomplete
Thought we were meant to be

[Chorus:]

Where did you go?
Where did you go?
Where did you go?
You vanished
Where did you go?
Where did you go?
Where did you go?
You vanished (vanished)

[Verse 2:]

I'm wondering, something that you said would never
die
Has lost it's life
It's frightening, thinking how I opened up to you
Until it's coming to
We were the best of friends
That's why this pain won't end
And this is killing me
Thought we were meant to be

[Chorus:]

Where did you go?
Where did you go?
Where did you go?
You vanished
Where did you go?
Where did you go? (Where did you go?)
Where did you go? (Oh Oh)
You vanished

[Verse 3:]

You're mistake of magician with a wand
Now you're missing
Where'd you go? Where'd you go? Where'd you go?
(Where'd you go?)
Wish I could bring us back
Just who could picture it
But it's too late for that

[Chorus:]

Where did you go?
Where did you go?
Where did you go?
You vanished
Where did you go?
Where did you go?
Where did you go?
You vanished
Where did you go?
Where did you go?
Where did you go?
You vanished

Where did you go? (go, go, go)
Where did you go?
You vanished
Where did you go? (go, go, go)
Where'd you go?
Where'd you go? (go, go, go)
Where did you go?
