[Verse 1]

You're the girl  
that is known with a brick for a heart,  
Never hurt  
cause you never let them get too far,  
Never know  
what it's like to be in love,  
Break it off  
before you ever have to open up,

That all went out the window,  
Because I make you feel special from the ghetto,  
Told you to close your eyes,  
open your heart,  
and just let go.

[Bridge]

I thought I was different,  
I thought you had changed for me,  
But I was so wrong.

[Chorus]

I think you wanted to love me (oh),  
I think you wanted to let me in,  
I think you knew in your heart I wasn't (I wasn't),  
Just another heart-breaking man,  
And I can't even play her (No No),  
Cause there's a world where she can go,  
Another story without a happy ending,  
Cause she's afraid of what she don't know,  
(Don't know)  
She's afraid of what she don't know,  
(Don't know)  
She's afraid of what she don't know.

[Wanted To Love Me Lyrics On ]

[verse 2]

You're still the girl,  
To leave a man broken down in his pain (pain),  
But I don't have to leave  
you will never be the same,  
(Even though you will never admit it)

I was knocking on your door you were about to let me  
in,  
(I showed you how to love, I'm not about to let you  
forget it)

I showed you how to love,  
so can you tell me that it all meant nothing when it went  
out the window,  
when I made you feel special from the ghetto,  
Told you to close your eyes,  
open your heart,  
and just let go.

[Bridge]  
I thought I was different,  
I thought you had changed for me,  
But I was so wrong.

[Chorus]  
I think you wanted to love me (oh),  
I think you wanted to let me in, (me in)  
I think you knew in your heart I wasn't (I wasn't),  
Just another heart-breaking man, (No)  
And I can't even play her (No No No No),  
Cause there's a world where she can go (she can go),  
Another story without a happy ending,  
Cause she's afraid of what she don't know,  
(Don't know)  
She's afraid of what she don't know,  
(Don't know)  
She's afraid of what she don't know.
