My heart is sad and lonely
For you I cry, for you dear, only
Why haven't you seen it
I'm all for you body and soul

Not just the body but the body and soul
Not just the body but the body and soul
Not just the body but the body and soul

I spend my days in longing
And wondering why it's me you're ogling
I tell you that, I tell you that
I tell you that I mean it
I'm all for you body and soul

I can't believe it
It's hard to conceive it
You turn away, turn away
Turn away romance

Are we pretending that it looks like the ending?
Unless I could have one more chance
Give me one more chance to prove to you my dear
Just one more chance

My life a wreck you're making
You know I'm yours for just the taking
I would gladly surrender myself to you
Body and soul

Not just the body but the body and soul
Not just the body but the body and soul
Not just the body but the body and soul

Not just the body, oh, oh, but the body
The body and soul, soul, soul, soul, soul
