You're my concentration
Everything else is a bore
I've got myself snagged on you
No self-control

Now all that I want do
Sleep in the shadow of you
For the rest of my life

Now I can chisel
Chisel and build a bomb
A pain deposited
From past scars

'cause the memories they can sleep
And we can live comfortably
For the rest of my life

Wrong or right
Shipwrecked into you
Situation is foolish
But I will fight

You're my big distraction
Or biggest companion
I'm falling fast
Like an avalanche

Indentured servant
A slave to a slave
Thank God for my hopeful heart
And for mutual feelings

Well look how it's balanced now
Maybe we'll just settle down
For the rest of our lives

Wrong or right
Shipwrecked into you
Situation is foolish
But I will fight

You're my big distraction
Or biggest companion
I'm falling fast
Like an avalanche

Look how it's balanced now
Maybe we'll just settle down
For the rest of our lives

Wrong or right
Shipwrecked into you
Situation is foolish
But I will fight

You're my big distraction
Or biggest companion
I'm falling fast
Like an avalanche

You're my big distraction
Or biggest companion
I'm falling fast
Like an avalanche
