She asked how we are  
She asked If I was all weird again  
And of course I am  
But I'm trying really hard  
So I lied to her  
And I was wearing this prisoner face  
So deep inside she had to know  
Once again I've lost control

For everything, there is a reason  
Everything, I hope in time, will come

Lying in your bed  
I am a refugee you try to love  
But the love that he killed  
Keeps coming back and haunting me  
Am I wasting all of your time  
And all my cute days on regrets?  
Is it healthy that we met?

Everything always in time will show  
Then we will know it will show  
Everything always in time will come

Is it wrong holding in on too much?  
To my best friend, my faded lover?  
Who knows?

Cinderella Hope  
And it's all because he made me laugh  
Coincidence or fate  
Running towards a catastrophe  
Save me

Everything always in time is gone  
It'll be gone, we'll be gone  
Everything always in time will come  
Oh it will come, it will come  
For everything there is a reason  
I believe for everything there is a reason  
And everything always in time will come
