All I've ever touched or said to them
Becomes a rehearsal for you, just practicing,
Too many magic moments to be coincidence
It all comes full circle

I knew someone who knew you
And he introduced me to you
Your ex-girlfriend had a boyfriend
Who kissed my girlfriend
Who did adrian

The world keeps on getting smaller and smaller
And everything comes back full circle, full circle
Six degrees of separation
We all know someone else
It all comes full circle

And you come from england
My ex-boyfriend, he is indian
British passport, we're all connected
And everyone else is affected

The world keeps on getting smaller and smaller
And everything comes back full circle, full circle
Six degrees of separation
We all know someone else
It all comes full circle
It all comes full circle

The world keeps on getting smaller and smaller
And everything comes back full circle, full circle
Six degrees of separation
We all know someone else
It all comes full circle

The world keeps on getting smaller and smaller
And everything comes back full circle, full circle
Six degrees of separation
We all know someone else
It all comes full circle
