They say you're not shy and that you've been around
before
And I can see why you are what I've been waiting for
Not like the one's I've seen
They don't know what I want, or what I need /
But girls like you
Can make me feel alright
You're what I dream about at night
Girls like you
Can turn my world around now
I gotta have a girl like you
I gotta have a girl like you
I need to make it
You know I'm running out of time
Cause I can't take it
I think I'm gonna lose my mind
So won't you set me free
And give me what I want, and what I need
Girls like you
Can make me feel alright
You're what I dream about at night
Girls like you
Can turn my world
Around now
I gotta have a girl like you
I gotta have a girl like you
Do you want me like the way I want you to
Do you need me like the way I need you to
Anything you want
Anywhere you say
I'll do anything you ask me to
Just to be with you
