Mind my own business, I'm on my journey
And I have enough old friends to keep me company
But you say "hey what's up, you want to hook up?
You wanna hang out with me?
Kick back, relax, feel happy and lazy"

You're sent to me one time
You come to me two times
Why me? three times
Well abracadabra now I've got a new friend

Let me introduce you to my new friend whoa
I've got a new friend
Let me introduce you to my new friend whoa
I've got a new friend

Mind my own business I'm on my journey

I against I on my journey
Happily interrupted extremes are extreme
So with my brand new friend we touch the boundaries
Like a little kitty's whiskers, cautiously

Experimental expressions and downward looks
You come sniff around, I'm not sure what to do
But like a big explosion, magically
Look at me I think I might have found a new friend

Let me introduce you to my new friend whoa
I've got a new friend
Let me introduce you to my new friend whoa
I've got a new friend
Let me introduce you to my new friend whoa
I've got a new friend
Let me introduce you to my new friend whoa
I've got a new friend

(Buccaneer rap)

Mind my own business I'm on my journey (push it)
Mind my own business I'm on my journey (push it)

You're sent to me one time
You come to me two times
Why me? three times
Serial monogamy, I got a new friend

Let me introduce you to my new friend whoa
I've got a new friend (6x)

Mind my own business I'm on my journey
And I have enough old friends to keep me company
But you say "hey what's up, you want to hook up?
You wanna hang out with me?
Kick back, relax, feel happy and lazy"

In my head
It's only in my head
In my head
It's only in my head
In my head
