I know you think he's fine and he blows your mind  
But he's out having fun you're not the only one  
When will you realize that he's not the one for you, for  
you  
And I know what you gotta do  
You gotta go and get with someone new  
I wanna be that someone  
I wanna be the one  
I wanna be that someone new  
With somebody like you  
I know you wanna feel like your love is real  
But open up your eyes and you will see the lies  
I'll never understand how he can hurt someone like  
you, like you  
And I know what you gotta do  
You gotta go and get with someone new  
I wanna be that someone  
I wanna be the one  
I wanna be that someone new  
With somebody like you  
I know what you really want  
I know what you really need  
I know that I want someone like you  
I wanna be that someone  
I wanna be the one  
I wanna be that someone new  
With somebody like you
