No Curfew
"That's Just Me"

You think that I will change
But you know that will never be
I'm just that way and that's just me
Well it's just the way I am
And I am doing all I can
Why can't you see I just can't change
Well I could care less what you see
I'm just nevertheless here for me

You're always getting what you want But you still keep
looking
I guess you're just never getting what you need
With your eyes wide open
You still keep looking for your dream
That's just me

It doesn't matter what you say
'Cause my confidence will lead the way
Words will never do, sad but true

Well and if I didn't act this way
Well it just wouldn't be the same
That wouldn't do 'cause I'm not you
I'm not you, no

And I could care less what you see
I'm just nevertheless here for me

You're always getting what you want
But you still keep looking
I guess you're just never getting what you need
With your eyes wide open
You still keep looking for your dream
That's just me
With your eyes wide open
You still keep looking for your dream
That's just me
That's just me - that's just me

Well it's just the way I am, I am no Larry or a Sam
Why can't you see, I'm just that way

Well there it is, it's right here, so crystal clear
Well there it is, it's right here, so crystal clear in front of
my face

You're always getting what you want
But you still keep looking
I guess you're just never getting what you need
With your eyes wide open
You still keep looking
Eyes wide open, you still keep looking
With your eyes wide open
You still keep looking for your dream yeah
That's just me - hey
Ah - you're always getting what you want
But you never get what you need
You want it
I guess you just, well you're nevertheless
Just looking for your dream
A dream - you're looking for your dream
You're looking for your dream

I could care less what you see
