

## No Curfew "The Climb"

Step by step  
I've come closer to reaching the top  
Every step must be placed so that I don't fall off  
Looking down to see about how much higher I am  
Another cool wind comes through and brushes my skin  
The harder I push the tension does grow  
I gather my thoughts the further and further I go  
With some luck I just might keep on climbing  
So better to climb than to face a fall  
So high the climb  
Can't turn back now  
Must keep on climbing up to the clouds  
So high the climb Can't turn back now  
Must keep on climbing up to the clouds

Pulling myself up by a rope  
I better my view  
The only thing in sight is what I must do  
As I turned I could see myself falling  
Which in return save me strength for the climb

So high the climb  
Can't turn back now  
Must keep on climbing up to the clouds  
So high the climb  
Can't turn back now  
Must keep on climbing up to the clouds

Although many failed I must now prevail with no  
question  
Have no time to stop  
Onward to the top of the mountain  
And I can't turn back now  
Its so very high but I can't turn back now  
If I keep it up, I'm gonna make it

I'm so very close can't you see  
So high the climb  
Can't turn back now  
Must keep on climbing up to the clouds  
So high the climb

Can't turn back now  
Must keep on climbing up to the clouds  
I'm getting closer
