You caught my fall making out on alcohol
An innocent mistake
Falling in love on accident, I didn't mean to

Constant danger, constant stranger
We started out so sweet
And now we're both feeling incomplete
Oh I don't know how much of it I can take
We're on, we're off

We're knocked down and getting up
We try to fight it, the agony and ecstasy
And it's painful but it's worth it
'Cause you're so foxy and I think you're kinda good for me
Oh You're so foxy

Mental earthquakes, conversation mistakes
And My army of words
I can't believe you're crawling back for more out of desire
Destiny or chemicals, emotions are susceptible
And you I can't resist
I can't seem to walk away from this
So show me how much you can take, are you in or out?

You're knocked down and getting up
I kinda like it, oh the agony and ecstasy
And it's painful, I'm sorry
But you're so foxy I can't let you get away from me
'Cause you're so foxy
Ooooooh
You're so foxy to me
I'm so lucky
Cause you're so foxy
So get out of my way I'm feeling so in love today
It can't be understood
And when we're feeling good it's really good
Oh The kind of good that feels like fate
We're back and forth

We're knocked down and getting up
We try to fight it, oh the agony and ecstasy
And it's painful but it's your fault
'Cause you're so foxy and you got yourself all over me
Oh You're so foxy

And I can't take it, it's so hard to take it
I can't take it
It's painful but it's worth it
'Cause you're so foxy
I think you must be good for me
