Talking slow
Like I don't know, what you're saying
You think I don't understand
If that's why
Then say good-bye, I'm leaving now
'Coz I don't wanna know ya

I am what I wanna be
And you can't take that away from me
So turn on your heels
And see how that feels
When someone gets the better of you

Taking control
Taking over my life, mates as well
I can't deal with this right now
I need to go
It's what I gotta fo, for the sake of me
I need some sanity

I am what I wanna be
And you can't take that away from me
So turn on your heels
And see how that feels
When someone gets the better of you

Doing fine on my own
It's like I'd never known
All this pain I left behind
Now it's clear
From all your tears
That I got the Better Of You!

I am what I wanna be
And you can't take that away from me
So turn on your heels
And see how that feels
When someone gets the better of you
