Why don't you, do what you do
Why not use your bouncing shoes

Bought 'em at a corner store, they cost a pretty price
Put them on my bouncing feet, I wore them every night
Love the way they hug my feet
I even wear them to sleep, asleep, asleep, asleep

Whenever I put bouncing shoes right before me
I like to run a race and I like to climb a tree
I poke them in backs
I put them in their tracks
I like to put them in your face, yeah yeah
Huh, whoa whoa, whoa whoa, bouncing shoes

I don't know if I can wild run down the green
Every guy at these streets knows just what I mean
I'm bouncing, I'm skanking, I'm running, I'm playing
But when you put them on it feels like it's a dream

Going to a concert where the band was playing live
Well, I shuffle to the bouncing beat, I'm bouncing with
the crowd
Bouncing with the crowd, I'm bouncing with the crowd
And then I yell throughout the crowd yeah yeah

Whoo
Da da da da da la da da da...

Why don't you, do what you do
Why not use your bouncin shoes
