Things can be broken down  
In this world of ours  
You don't have to be a famous person  
Just to make your mark  
A mother can be an inspiration  
To her little son  
Change his thoughts, his mind, his life  
Just with her gentle hum

So different, yet so the same  
Two sisters only have their parents to blame  
It's rare that two can get along  
But when they do, they're inseparable  
Such a blessing comes to few

The sky is full of clouds and  
My world's full of people  
You got the different kinds with different ways  
It would take a lifetime to explain  
Not one's exactly the same

He and she, two different people  
With two separate lives  
Then you put the two together  
And get a spectacular surprise  
'Cause one can teach the other one  
What she doesn't know  
While still the other fills a place inside  
He never knew had room to grow

The sky is full of clouds and  
My world's full of people  
All different kinds with different ways  
It would take a lifetime to explain  
Not one's exactly the same

Once in a while I sit back  
And think about the planet  
Most of the time I trip on it  
To kick back and think about  
How massive it all is  
And how many others are on it

I often think about the world  
In which I live today, of animals and plants  
And nature's gifts set on display  
But the most amazing thing  
That I've seen in my time  
Are all the different people  
And all their different minds  
And different ways  
It would take a lifetime to explain  
Not one's exactly the same

So many different people  
So many different kinds  
So many, many, many different people  
So many different..  
Look at me, I'm a person  
Look at me, I'm my own person  
So many different people  
So many different kinds  
For better or for worse, different people
