Don't let go away  
This feeling had got to stay  
Don't let go away  
This feeling has got to stay  
And I can't believe  
I've had this chance now  
Don't let go away-ay

New, you're so new  
You, you're new  
And i've never had this taste in the past  
New, you're so new  
Not all hesitation is gone  
And i really gravitate to your will  
Oh you're here to fetch me out  
Cos i've never had this taste in my mouth  
oh you're old  
And you're not familiar  
recently discovered  
And I'm burning up chill

New, you're so new  
You, you're new  
And your consuming me violently  
And the reverend shamelisly tempting me  
Who sent this rainy out  
Cos I've never had this taste in my past

Oh you're different  
you're different from the point of  
like a fresh battery  
and I'm charged by you

Don't let go away  
This feeling had got to stay  
Don't let go away  
This feeling has got to stay  
And I can't believe  
I've had this chance now  
Don't let go away-ay

Why am i so curious  
This territories dangerous  
I'll probably hit the back this time  
I'll be back in line back this time  
Broken heart

New, you're so new  
You, you're new  
And i've never had this taste in the past

Don't let go away  
This feeling had got to stay  
Don't let go away  
This feeling has got to stay  
And I can't believe  
I've had this chance now  
Don't let go away-ay

Don't let it go away x2  
(sung over ^) And I cant believe it  
Cant believe it x3

Don't let go away  
This feeling had got to stay  
Don't let go away  
This feeling has got to stay  
And I can't believe I've had this chance now Don't let go  
away-ay
