I kinda always knew I'd end up your ex-girlfriend
(whoa)

I kinda always knew I'd end up your ex-girlfriend
I kinda always knew I'd end up your ex-girlfriend

I hope I hold a special place with the rest of them

And you know it makes me sick to be on that list

But I shoulda thought of that before we kissed
You say you're gonna burn before you're mellow

I'll be the one to burn you

Why'd ya have to go and pick me

When you knew that we were different

Completely
I kinda always knew I'd end up your ex-girlfriend
(whoa)

I kinda always knew I'd end up your ex-girlfriend
(whoa)

I hope I hold a special place with the rest of them
(whoa)

I kinda always knew I'd end up your ex-girlfriend
And I'm another ex-girlfriend on your list

But I shoulda thought of that before we kissed
Your wildness scares me so does your freedom

See I can't stand the restrictions

I found myself trying to change you

If you were meant to be my lover I wouldn't have to
And I feel so mean

I feel in-between

Cause I'm about to

Give you away

I kinda always knew I'd end up your ex-girlfriend (for
someone else to take)

I kinda always knew I'd end up your ex-girlfriend (you're
making a mistake)

I hope I hold a special place with the rest of them (all the
time we wasted)

I kinda always knew I'd end up your ex-girl...friend
And I'm another ex-girlfriend on your list

But I shoulda thought of that before we kissed

And I'm another ex-girlfriend on your list

But I shoulda thought of that before we kissed
I'm about to give you away

For someone else to take

I'm about to give you away

For someone else to take
You repeated mistakes for souvenirs

We've been in-between the days for years

I know that when you see you im going to die

I know im going to want you and you know why

Its gonna kill me to see you with the next girl

Cause I'm the most gorgeously jealous kind of ex-girl

But I shoulda thought of that before we kissed
I kinda always knew I'd end up your ex-girlfriend
(whoa)

I kinda always knew I'd end up your ex-girlfriend
(whoa)

I hope I hold a special place with the rest of them

I kinda always knew I'd end up your ex-girlfriend

And I'm another ex-girlfriend on your list

But I shoulda thought of that before we kissed

I'm another ex-girlfriend on your list

But I shoulda thought of that before we kissed
