I kinda always knew Id end up your ex-girlfriend
I kinda always knew Id end up your ex-girlfriend
I kinda always knew Id end up your ex-girlfriend I hope I
hold a special place with the rest of them And you know
it makes me sick to be on that list But I should have
thought of that before we kissed
You say youre gonna burn before you mellow I will be
the one to burn you Whyd you have to go and pick me?
When you that we were different, completely
I kinda always knew Id end up your ex-girlfriend I kinda
always knew Id end up your ex-girlfriend I hope I hold a
special place with the rest of them I kinda always knew
Id end up your ex-girlfriend
Im another ex-girlfriend on your list But I should have
thought of that before we kissed
Your wildness scares me So does your freedom You say
you cant stand the restrictions I find myself trying to
change you If you were meant to be my lover I wouldnt
have to
And I feel so mean, I feel in between Cause Im about to
give you away
I kinda always knew Id end up your ex-girlfriend (for
someone else to take) I kinda always knew Id end up
your ex-girlfriend (am I making a mistake?) I hope I hold
a special place with the rest of them (all the time that
we spent) I kinda always knew Id end up your ex-girl,
friend
Im another ex-girlfriend on your list But I should have
thought of that before we kissed Im another ex-
girlfriend on your list But I should have thought of that
before we kissed
Im about to give you away for someone else to take Im
about to give you away for someone else to take
We keep repeating mistakes for souvenirs And weve
been in between the days for years And I know that
when I see you Im going to die I know Im going to want
you and you know why Its going to kill me to see you
with the next girl Cause Im the most gorgeously jealous
kind of ex-girl
I kinda always knew Id end up your ex-girlfriend I kinda
always knew Id end up your ex-girlfriend
