In the morning I wake up
And in the night I sleep
Since the day that I was born
Repeat, repeat, repeat

Brought to this life
Born to this life
Where was I before?
Non-existent, not at all
Will I ever know?

Today is my birthday
And I get one every year
And someday hard to believe
But I'll be buried six feet underground

Subconsciously motivated
Natural instinct
Alter nature for the pleasure
Orthocycline

I flirt with conceptions
Slow the cycle
Will the baby grow?
Social tradition interference
Control, control, control

Today is my birthday
And I get one every year
And someday hard to believe
But I'll be buried six feet underground
I'll be dead and gone, no longer around

Spinning, spinning
Before I can recall
All the unknown chemicals
Control the cycle

The successive generations
From dust to dust
Burying my grandma
Give birth to my own daughter

Today is my birthday
And I get one every year
And someday hard to believe
But I'll be buried six feet underground

Today is my birthday
And I get one every year
And someday hard to believe
But I'll be buried six feet underground
I'll be dead and gone, no longer around
I'll be buried six feet underground
