His accent serenades me  
And presses at the door  
Broken promise to be  
Around for my mind war

And my accomplishment's interrogating me  
Today's become tomorrow  
Before I wanted it to be  
And desperate discussions  
The start of the destruction

Our sign, in my mind  
I'll be fine  
I'll be fine

'cause I'm under construction everyone  
So you'll have to mind the mess  
I'm under some construction

I always had to try harder  
I never really could keep up  
Sitting in the corner  
With my illness and bad luck

But in this humble place I'm feeling like red wine  
And I hope to get better  
With some time  
I'll be fine  
With some time  
I'll be fine

'cause I'm under construction everyone  
So you'll have to mind the mess  
I'm under some construction

Confection  
Modification  
Motivation  
Of construction

And the rituals that soothe  
And disgust me will be gone

With some time  
I'll be fine  
With some time  
I'll be fine  
I'll be fine

I'm under construction everyone  
So you'll have to mind the mess  
I'm under some construction

I'm under construction everyone  
So you'll have to mind the mess  
I'm under some construction

Under construction  
Construction  
Feel better with some construction
