You don't look hard to find  
What's deep in your mind  
It's easier to hate than see  
Your convictions of stone  
You kill off your own  
You desperately want to be  
Masses dead inside open up your eyes  
You're broken and cold seeing your blindsight

Why's humankind going down  
Am I the only one that can see it  
Am I the only one that can feel it  
Why's the human mind slowing down  
Am I the only one that can see it  
Am I the only one  
You're going down

I see through your disguise  
Your self-righteous lies  
Destroy what you don't understand  
I cannot help but feel  
That time doesn't heal  
Impressions that will never mend  
Masses dead inside open up you eyes  
You're broken and cold seeing you blindsight  
You're going down sucker

Why's humankind going down  
Am I the only one that can see it  
Am I the only one that can feel it  
Why's the human mind slowing down  
Am I the only one that can see it  
Am I the only one  
You're going down  
You're going down  
You're going down  
You're going down sucker  
Yeah, yeah sucker

I have come to realize  
When I look in your eyes  
I'm staring back at me

Why's humankind going down  
Am I the only one that can see it  
Am I the only one that can feel it  
Why's the human mind slowing down  
Am I the only one that can see it  
Am I the only one  
You're going down

Why's humankind going down  
Am I the only one that can see it  
Am I the only one  
You're going down  
Why's the human mind slowing down  
Am I the only one that can see it  
Am I the only one  
You're going down  
You're going down  
You're going down sucker
