There are far worse things than being alone  
But it often takes too many years to know  
And when you do it's just too late  
There's just nothing worse than no more time

This is paradise  
This is paradise

I'm running out of time  
And I'm losing my mind  
I'm running out of time  
But this is paradise

I've lost the time I've lost my mind  
We've grown apart I've spent too many years  
Just sitting back watching nights slow  
It's almost two am but I've still got time  
This is paradise fuck this paradise
