

## **No Harm Done "To Feel Again"**

It happened just like that  
Only seconds to react  
Feels like hours in the sun  
Sweating nerves won't stop  
The blurring lines right in front of me  
I see a life just go like that  
But why?

Break lights soon end all thoughts  
There's no escaping what I saw  
Repeating again and again  
I'll have to learn to feel again

It happened just like that  
Only seconds to react  
Feels like hours in the cold  
Frozen nerves won't stop  
The blurring lines right in front of me  
I see a life just go like that  
But why?

They say everyone has their time  
But I just can't believe it
