I'm walking down the street
Thinking about use to blame
Cause the poison rain is falling
From the stars some must playing games
We're reaching out so far away
It's time that we come back
There's so much I have to say
Communication's what we lack
Who do you love
Who, who, who do you love
Tell me I would like to know
Who do you love
Who, who, who do you love
Tell me I would like to know
Who do you love
There were times I felt warm inside
When the feeling was deep in my heart
A feeling that brings us together
And I thought we'd never grow apart
We're reaching out so far away
It's time that we come back
There's so much I have to say
Communication's what we lack
Who do you love
Who, who, who do you love
Tell me I would like to know
Who do you love
Who, who, who do you love
Tell me, tell me I wanna know
Who do you love
Who, who, who do you love
Tell me who do you love
Who do you love
Who do you love
Who do you love
We're reaching out so far away
It's time that we come back
There's so much I have to say
Communication's what we lack
Who do you love
Who, who, who do you love

Tell me I would like to know
Who do you love
Who, who, who do you love
Tell me, tell me I wanna know
Who do you love
Who, who, who do you love
Oh I wanna know
Who do you love
Who, who, who do you love
Tell me who do you love
Who do you love
