You really got me
You're the one in my fantasy
So why do I even wonder
When all I feel is thunder
You really got me...
You really got me
You're all I see
No other girl
Can make my heart stand still I wonder
Maybe you feel the same way, too
I'm in a dream, what does it seem
Like every time I take a chance I fall like under
Under a spell made for a fool
It's like a curtain on a window
It's like a painting on a wall
Without the one the other is lonely
When I'm alone I hear you call
You really got me
You're the one in my fantasy
So why do I even wonder
When all I feel is thunder
You really got me
You're the one in my fantasy
So why do I even pray
Be sure that here you stay
You really got me...
You really got me
How can this be
I can't deny a love that feels so strong
It's burning
Burning the deepest part of me
It's like a curtain on a window
It's like a painting on a wall
Without the one the other is lonely
When I'm alone I hear you call
You really got me
You're the one in my fantasy
So why do I even wonder
When all I feel is thunder
You really got me
You're the one in my fantasy

So why do I even pray
Be sure that here you stay
You really got me...
You really got me...
It's not a dream, it's reality
You really got me...
Finish what you've started cause you really got me
You really got me...
It's not a dream, it's reality
You really got me...
Finish what you've started cause you really got me
