Break them down  
For what they'll say

As far as we know  
We are oblivious to see  
All the lies they are bringing  
All the absence of truth

Why is it hard? "its so damn hard"  
To tell the difference  
Perhaps it's truth "its only truth"

And it will be said  
Again and again  
It will be spoken  
Build up, build up  
Prepare yourself  
For what they'll say

Come'on come'on the truth is here  
It's all around you  
Open up your eyes  
Your interpretation  
But in case your wondering still  
What all the fuss is about  
The king of lies is here  
He wont let you out

Lets face it "lets face it"  
Where all sharing our mistake  
Embrace it "embrace it"  
We can change our fate

The king of lies is here  
He's got a hold of you  
He wont, he wont let you out

It's time to move

Change your perspective  
Change your way of thinking  
You don't see

The damage you bring  
So change your perspective  
On!

The life you lead

Ow!

Poison in your tongue  
Destroys everything you trust

And it will be said  
Again and again  
It will be spoken
