I can't see this for the life of me
There's gotta be something more to this
Look me in the eye and tell me this is not what you had
planned
Is it what you expected?

Hypocrits always seem to get the upper hand
And I see this theory is growing
The subtlety of your lies will be your demise
Let me see this for myself

You challenge my, my alibis
Wake up, and see
The falseness of your demands
This is getting out of hand

Let's see what we can do to bring out the 'real' in you
But one thing that's unmistakable, is that
You're the fraud

We can't be heard singing our song
When we're already wrong
Evidently we see the truth
Once we've strained for you

I need to set my sights on something more real
It gets so hard for you to see beyond your own
Understanding

My name will not be written like others have before
I won't march in your procession
I will not heed the call
Do you understand me?

Do you understand me?
Do you understand me?
The separation of your integrity
The situation, are you listening?
The separation of your integrity
The situation, are you listening?

We can't be heard singing our song

When we're already wrong
Evidently we see the truth
Once we've strained for you
Once we've strained for

You, singing your song
When you're already wrong
Evidently you can't see the truth
Unless we've strained for you
Once we've strained for you

The separation of you integrity
The situation, are you listening... ?
