Well I'm the King of Rock
There is none higher
You sucka MC's should call me sire
To burn my kingdom, you must use fire
I won't stop rocking till I retire

Two years ago some friends of mine
Asked me to say some MC rhymes
So I said this rhyme that I'm about to say
The rhyme was def and it went this way

I took a test to become an MC
And Orange Krush became amazed at me
Well, they put me inside the Cadillac
The chauffeur drove off and he never came back
They cut the record down to the bone
And now they got me rockin on the microphone
We started talkin' bout autographs
And here's the laugh - I'm in a bubble bath
'Cause that's the life that I lead
And you sucka MC's would just say please

'Cause I'm the king of rock
There is none higher
You sucka MC's should call me sire
To burn my kingdom, you must use fire
I won't stop rockin' till I retire

I'm D.M.C. in the place to be
I go to St. John's University
And since kindergarten I acquired the knowledge
And after 12th grade I went straight to college
I'm light skinned, I live in Queens
And I love eatin' chicken and collard greens
I'm dressed to kill, cause I love the style
I'm an MC who's versatile

All my rhymes are sweet delight
So here's another one for y'all to bite
I go uptown (uptown)
Come back home with me

And my microphone
'Cause that's the life that I lead
And you sucka MC's would just say please

'Cause I'm the king of rock
There is none higher
You sucka MC's should call me sire
To burn my kingdom, you must use fire
I won't stop rockin' till I retire

I'm the king of rock
There is none higher
You sucka MC's should call me sire
To burn my kingdom, you must use fire
I won't stop rockin' till I retire

'Cause I'm the king of rock
There is none higher
You sucka MC's should call me sire
To burn my kingdom, you must use fire
I won't stop rockin' till I
I won't stop rockin'
I won't stop rockin'
I won't stop
Till I retire
