Lookin back on yesterday
Saw you quite unhappy
Maybe I could grant you this
Let me ask you one good question
Whatcha gonna do when the roof comes crashin down
on you
You don't have to say
Cause honey I know

Life's too short to brood in it
You're here one day
Then you're gone the next
I see a light inside of you
Let me ask you one more question
Whatcha gonna do when the roof comes crashin down
on you
I don't wanna see you give in too

Here you cry
Wipe your eyes
And believe in something more for me tonight
Start to begin life and not end it now
Here we try
You and I
To a fresh start
To wipe the slate clean
To start again
A new beginning
To get back on track

Restoration
That everyone should
Realize how they can feel alive

Here you cry
Wipe your eyes
And believe in something more for me tonight
Start to begin life and not end it now
Here we try
You and I
To a fresh start

To wipe the slate clean
To start again
A new beginning
To get back on track
