I'm a paper airplane
Got my wings stretched out
And I'm drifting in the soul lane
Wherever the wind blows is where I go

And nothing really shakes me
Cruise control and I see where it takes me
Every mile feels like the one before

I'm biding my time
Just floating through sky
It's time for another fly-by

This is the chance that you've been waiting for
(Go on and take it)
This is the moment that you can't ignore
(Yeah, yeah, yeah)

Sooner or later a pressure change
Could mess up my behavior
Spins me round and round
I'm just a paper airplane
There's nothing I can do but keep on going down
Press eject
And time to bail out

I've made up my mind, I'm not flying by
It's time to pull out of the dive

This is the chance that you've been waiting for
(Go on and take it)
This is the moment that you can't ignore
(Yeah, yeah, yeah)

I'm crashed down and crumpled
Thought I was done for
But it isn't over yet
The dream I've been streaming to
Is fading away
But I won't let it
No I will not let it!

This is the chance that you've been waiting for
(Go on and take it)
This is the moment that you can't ignore
(Yeah, yeah, yeah)

This is the chance that you've been waiting for
(Go on and take it)
This is the moment that you can't ignore
(Yeah, yeah, yeah)
Come on and say
(Yeah, yeah, yeah)
Let me hear you say
(Yeah, yeah, yeah)
Let me hear you say
Yeah, yeah, yeah!
