She's got a mouth like a trucker and a mind like a rollercoaster. She's got her finger on the trigger and she's sure-fire ready to go.

She's got a body like a model, and a smile that's a crowd pleaser.

and if you take more than a minute she'll be walking out on you

But ain't she great

Yea i can't believe i fell for all the lies

Yea just tell me it's not a big suprise

She's got another guy another town another excuse receiver She's got a mighty fine way of telling me that i'm the ones

She's got an old drop-top that she calls the 'lil red deceiver' and Then it's pedal-to-the-metal as she drives right out of town

But ain't it great

Yea i can't believe i fell for all the lies

Yea just tell me it's not a big suprise

I'm so blind I can see right through everytime

It's not me It's you

Yea i can't believe i fell for all the lies

Yea just tell me it's not a big suprise
