I started screaming "danger!" in my mind
But as I walked on it felt fine
Oh your highness I just feel so good
Now that you've clearly understood
I think we'll get along just fine
If you could get yourself more time
I'll be back be back to get you
Will be back be back to tempt you

I do I do
I really wanna forget you
And I do I do
Know the rules are against you
Well should I care? should I care?
If you changed your mind?
I don't care, I don't care
And it feels so good
Yeaah

Every time I picture you I feel so low low low
Baby
Every time I'm calling you I know know know
I'm fucked up

And I'm not ashamed
I'm not ashamed
Not ashamed
To tell the world I loved you
I am stained
I said I'm stained
By the tears of your
Rejection oh you
Make it so hard for a man to love you
I'll tear down your court and have you
Cause maybe I want you darling
I want you to bow too

I do I do
I really wanna forget you
And I do I do
I know the rules are against you
Well should I care? should I care?

If u changed your mind?
I don't care, I don't care
Is this understood?

Every time I picture u I feel so low low low
Baby
Every time I'm calling u I know know know
I'm fucked up
Hand me loaded gun I'll blow blow blow
Your face off
The people will learn that you re a night time whore

Burn baby girl go down
She goes down
Say the world aint so pretty when it's after you, and
your crown
Take her down
To hell
