Chorus

(unh! tell me how you like it baby) with the lights on, or
the lights off
(tell me what you want) how you like your lovin', in the
light or in the dark?
(I got it right here, how you like it how you like it, what
you want baby)
With the lights on, or the light s off
How you like your loving'? do you like it rough or like it
soft?
(how you like it how you like it)

Verse 1

When the lights are bright, there is no mystery
I'm looking you in your eyes, while your on top of me
There are no secrets here, I can see everything
Each way your body turns, you can see the joy it brings
Were making love eye to eye, don't want to even blink
Don't want to miss nothing, I wants some total sync
You watch me in submission, I finally submit
Just tell me what you want, and I will commit

Chorus

Verse 2

When the lights are low, I feel this chemistry
I feel your every move, and feel your fantasies
With every kiss you give, I taste what's on your mind
Your looking for the treasure, just seek and you shall
find
Were in a universe, that we can call our own
The moon and stars around us, in this erotic zone
I sense your sweating sexy, queen of my throne
Which way you want it baby with the lights off or on?

Chorus

Bridge

I like to love you when the rain is coming down
(dripping wet on top of us, thunder roll and your felling)

my touch)

It doesn't matter, long as I hear the sound

(slip-n-slide natures fly tell me what you want so you
can be satisfied)

Chorus till end

Do you want me like I want you

Let me tease you want to please you

Let me tease you want to please you
