I got
One cloud eating up my sun
I gotta
Discharge this loaded gun
I need a
New way to test my fate
Cause I'm all
Stretched out beyond my shape
You gotta
Watch out cause talk wont do
Believe me
Next thing they re coming after you
They re coming after you
Coming after

You, come on everybody wanna learn to move their
body like
You, come on everybody wanna learn to move their
body like
That

I got
One cloud eating up my sun
I gotta
Discharge this loaded gun
And I wont stop until I have it all
They gonna
Make way or move along
I need a
Sick beat to get me through
Oh I'm a
Big freak I'll sink my teeth in you
A taste of this should do
Just fine, just fine

You, come on everybody wanna learn to move their
body like
You, come on everybody wanna learn to move their
body like
You, how come there nobody that can do it at the party
like
You, come on everybody wanna learn to move their

body like

I'll be
What you want me
To be
If you want it
I'll be
Anything you want me
To be
Anything you want me x2

I ll be anything you want me

You, come on everybody wanna learn to move their
body like
You, come on everybody wanna learn to move their
body like
You, how come there nobody that can do it at the party
like
You, come on everybody wanna learn to move their
body like
