Baby, I gotta say I've had enough  
And maybe you gotta loosen up my cuff  
Cause I've been trying to extend on this trend, to no  
end  
Ye I been trying now to give so much more, than a  
friend  
Believe me baby, when I say things are getting tough  
Is time to hear me over  
This time you hear me over  
Cause I'm a goldmine baby  
Next time you pull me under  
You better check what's underneath  
I see the money coming (x4)  
It's what you get  
It's what you get  
All that you get  
Just don't let, just don't let, just don't let it all get  
Into your head  
Baby you gotta understand I'm tired of this place  
And maybe you need to realise I am a special case  
Cause I've been trying to extend on this trend to no end  
Ye I've been trying now to give so much more than a  
friend  
Believe me baby when I say things are getting tough  
It's time to cross the border  
You ll get more than you ordered  
Cause I deliver baby  
Wont wait not any longer  
We ve been here far too long and I  
See the moment coming (x4)  
It's what you get  
It's what you get  
All that you get  
Just don't let, just don't let, just don't let it all get  
Into your head
