Lyrics: Petit

Music: Clement, Antonio, Pouchin

Refrain:

I am a killing machine

I'm the one you should avoid

I am a killing machine

I am a biomechanoid

You have created a predator of your own

To kill the human race is my order,

My mission

My umbilical cord sends in information

To kill the human race is my order,

My mission

Species affected

People rejected

Cities polluted

Men over exploited

You self destruct your own nature

To kill the human race is my order,

My mission
