yeah  
i'll pretend to understand as you walk me through this  
plan  
it's just your style a blister in denial  
you're severing my friends you're coming to the end  
it wasn't them

and you say what did you say  
i can't hear you say i got it wrong  
and you say what did you say  
i can't hear you say now was i wrong

i  
i'm too sleep-deprived to know that i should've let this  
go  
i'm such a child alone and running wild  
i guess there's no one left to blame  
but i'm left here all the same  
i'm not the same

and you say what did you say  
i can't hear you say i got it wrong  
and you say what did you say  
i can't hear you say was i wrong

i was wrong

once  
you offered up your proof ignored the truth but i i was  
there too  
you and all that you admit it doesn't fit 'cause i i was  
there too

believe the lie  
who you are is falling far  
say i was right  
again and again in a whisper  
say
