Tell me who I am
Tell me what I'm hearing
Is it God or man
Leads us to our fate

Tears cried through the night
So much we've been fearing
I know I can fight
Soon will be too late

It's my heart calling
It's my heart calling
It's my heart seeing
What it wants to see

It's my heart crying
It's my heart flying
It's my heart trying
To set me free

Darkness turns to light
While my soul is healing
I know I must fight
This war deep inside

It's my heart calling
It's my heart calling
It's my heart seeing
What it wants to see

It's my heart crying
It's my heart flying
It's my heart trying
To set me free

Waving banners, swinging swords
Queens and kings, and other lords
And the battles of our pride
Greed and hunger deep inside

All the sorrow born of pain
Cruelty and cruelty again

Who will stop this vicious spin
Open arms and let love in
Open arms and let love in
Open arms and let love in
Open arms and let love in
