Baby I love you and I never let you go,
But if I have to boy I think that you should know,
All the love we made would never be erased,
And I promise you that you would never be replaced.

Baby I love you and I never let you go,
But if I have to boy I think that you should know,
All the love we made would never be erased,
And I promise you that you would never be replaced.

I love you yes I do (yes I do),
I'll be with you as long as you want me to,
Until we'll be anywhere,
Uptight (uptight),

From the day I met you I knew we'd be together,
Now I know that I want to be with you forever,
I wanna marry you and I want your kids...
