The oath of dark enigmas-my return
Requiem-my memorial prevail, the graven
stench aurora to inhale
The latent dreams to burst from moonlight streams
within the cryptic woods that I pervade

Noctabulant-redivivus to reave, in nightmares to
encyst the
Empyrean,
Incestuous-A nightwalker to be, to stumble pathways
for eternity

Impious nymph in blood-stained bloom, an astral
incarnation
Amorous night enrobed in black-Lamia of dark
temptations
Appears before my eyes

The curse of time I've laid on thee, to taste my tragedy
I banish thee to my dader dreams, predacious in my
primacy

Lamia

Noctabulant-redivivus to reave, in nightmares to
encyst the
Empyrean,
Incestuous-A nightwalker to be, to stumble pathways
for eternity
Ominous the darkness heaves by shados opaque

plethora
Burn!

She casts her vesture over me and bites my neck
so blood pours free
I let her drink from my pounding veins
the essence worn that flows within
O Lamia in blood-stained blood in darkness dressed
as one with night. Embrace my soul in dreamers death
unchain me
from the aching waves of breath

Lamia-Nightly ornated nymph
I let her smother me, while precious pathos
whine flows free
I watch her eyes like burning stars upon the night sky

The exquisite bride of sombre shades now turns away
to darkness fades
Ophidian born dark entity, to meet her master,
his sable majesty

Alone I stand as shadows call, with clamant
pleas for help they fall
As sunlight spreads its sparkling glare
yet behind my back I feel her spectral stare

Lamia-Nightly ornated nymph
