"Where All Agony Prevails"

Visit "[Where All Agony Prevails](#)" on MotoLyrics.com

Left to die among this Earth, My soul cannot
escape This boundary of
Flesh...Screams of those among, my corpse still awaits
(the coming of their
God)How feeble thy man, Is it worth to die, For god and
his lies.Fools to
Seek the light,Suffering in constant agony,Praying for
something you'll never
See,Preaching all those feeble lies,(of a never existing
paradise)How feeble
Thy man, Is it worth to die, For god and his lies.Where
all agony
Prevails,There is no hope.Where all corpses
lie...Suffering eternally.
