### "Alcoholic Rites"

Visit "[Alcoholic Rites](#)" on MotoLyrics.com

Souls in torment gather  
Alcoholic death approaches  
To the gates of hell we storm  
To sodomy and lust we go

Alcoholic rites

Fire burning the bitches die  
Rot in hell, No soul survivors  
Endless torture, endless pain  
Bleeding bodies, death awaits

Tortured souls, suffer intensely  
Virgins fucked, fags wasted  
Nocturnal breed, chaos forever  
Blasting through, heaven's destruction!

Bestial temptations, alcoholic rites

Spawn of hell, gathered in fire  
Violent breed, combat forever  
Seeds of the black gods, wizards and warlords  
Raising our fist, to the final destruction  
Bestial temptations, alcoholic rites
